Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner indicated that the case was in condition for allowance, except for claims 13, 14 and 31. The Examiner noted that the allowable subject matter of an initial paramagnetic layer comprising a cobalt alloy having a thickness of less than 1.5 Angstroms could be inserted into the above identified claims to bring the case into condition for allowance. Applicants failed to reach a decision in a timely manner..
